

2/03

Peter Hayes

50-100

Bush Sr. moved these weapons — announced moved

Sept 28 1991 —

withdrew announced ^{ROK Pres Kim for} of Dec. 91 — actually not till Feb 92

security/weapon

routinely — strategy project — SK was —

3. withdrawn

We have documented that we planning goes

Annex 5027 USFK Plan

for Korea

US reserved right to reintroduce weapons in
an emergency.

live issue in SK — showed US

In part, air-burst area weapons against
advancing forces

ground-burst vs. CPs — including Pyongyang

(ADMs)

All weapons were stored at Kunsan

Exercises to get weapons out of Korea, by
helicopter

+203m
155m

Koreans would have loaded weapons into containers
and providing security — they were involved in exercises
— from in Work that it would become known that
it was planned to involve K's in handling weapons.

Feb 26 - 03

|| Yet UN GA Resolution vs. FU
in Iraq or Korea
vs. WMD Distinction

(Is it politically feasible/inevitable
to drop "distinction of CW/BW" of
threat of new FU?)

After 9/11, antiterror?!

— Yes, did that have an
impact?

Who did it?!

(like assas of CIA COS
in Athens!)

after campaign on urgency of
disarming Iraq of CW/BW?
Pauze!

Cohen (Clinton).

(For > 40 years, anti-war activism has
focused on abol. of nucs, or Freeze/abolition,
CTB, or "stability," refused to focus on
NFU — for fear (?) of "legitimizing
Type I det, 2d use

(now focus on D-L! or preemption
slanting)

Reflects ignorance of secret plans

D-L, preemption
decap
FU

+ threats

PGMs can destroy pop-up antilly

A nuc would not be effective against anty,
because
